

KnowHow2Transfer.org

Introducing the KnowHow2Transfer website! Developed by Kentucky's public institutions and the Council on Postsecondary Education, the one-stop website provides students, families and advisors with a central location for information on the transfer process, institutional transfer policies, degree program requirements, and transfer contact information.

Learn how courses transfer

Search course catalogs of Kentucky's colleges and universities to view how courses transfer from KCTCS to a chosen institution.

Compile lists of courses using the "My Course List" and integrate this information into a "Transfer Planning Guide," which supplies information for the first advising session.

Chart a bachelor's degree

View how KCTCS courses count towards degree programs at the public institutions. The current degree programs are listed below, and we'll be adding more!

- Biology
- Business
- Social Work
- Nursing
- Elementary Education

Use the Transfer Planning Guide

Find answers to your transfer questions.

- Learn the steps to transfer
- Search for scholarships
- Contact a transfer advisor

Meeting the key requirements of KRS 164.2951, also known as HB 160, the website notifies users of the statewide general education categories, college readiness indicators, the standard acceptable scores for AP and CLEP exams, and the appropriate college course credit awarded for meeting those acceptable scores.
